Dear Senator Frear:

We were much gratified to learn from your letter of 19 August that our meeting with the two Delaware representatives of Boys' Nation was well received by them.

In talking about the Agency we do, of course, have security problems and we do not seek publicity but when young men such as these demonstrate their awareness of civic responsibility in this fashion we are glad to try to give them a picture of this Agency's role in our Government.

I much appreciate your writing me in this regard.

Sincerely,

General C. P. Cabell
Deputy Director
Central Intelligence Agency
Washington 25, D. C.

Dear General Cabell:

During my absence from Washington during the week of July twenty-fifth, a request was made to your agency on behalf of Delaware's two representatives of Boys' Nation to visit the CIA.

I have received a very glowing report about you and your staff from these two young men. Further, Mr. Jack Gordy of my staff, who accompanied them, also tells me that we are indebted to Mr. [REDACTED] Mr. Lawrence Houston, Mr. [REDACTED] and Colonel Stanley J. Grogan.

This was a very rewarding experience for our Boys' Nation representatives, and I am most grateful to you.

Sincerely yours,

(signed)
